Byron Calderón in the Kiva: Now, the next time somebody comes in here blowing smoke and talking shit, I'm gon give his local commander time to take appropriate action, and if nothing is done, I'm gon delete his or her comments. I have sat still, gritted my teeth, and done nothing, waiting to see how we as an organization would handle disrespect in here. We flunked. Read our Veterano, Benjamin Hernandez. Shit-talking is done in private, not in the Kiva. Henceforth, I'm a do what has to be done. If that gets me in trouble, judge me guilty in advance.

" We are not entertaining a vision that Aztlán will become a sovereign nation" from the new website...Is this true? What does everybody here think about this?22 hours ago

Jeronimo Blanco: Ernesto, I haven't seen that, but i will look into it. 19 hours ago

Byron Calderón: Ernesto, your input, as well as that of any other Brown Beret, is more than welcome. The website is not a one or two or three man show, but belongs to us all. I want it that way. However, you should have messaged me or called me or texted me privately, instead of trying to start a public argument in the Kiva. We have been over this many times before in here over the last few days. Who is your Commander? I intend to have a word with him.

13 hours ago

Jeronimo Blanco: Good point, Oso. Thank you for reminding me and everyone else that we must talk to each other in private when we have questions or doubts about anything or anyone, so that we don't start infighting again. I should've posted in the Kiva already that we must have the courtesy of calling or contacting each other in private first and foremost.

13 hours ago

Byron Calderón: I humbly thank you, Comandante. I have locked "Sovereignty" from view pending our addressing Carnal Ernesto's concerns and your Directive, Sir. ¡Que Viva la Causa!

13 hours ago

Jeronimo Blanco in the Kiva:

LATELY WE HAVE HAD A SERIES OF INFIGHTING EPISODES THAT HAVE BEEN DONE IN THE FB VENUE WHERE EVERYONE CAN SEE. FORTUNATELY IT HAS GONE DOWN TREMENDOUSLY AND I THANK EVERYONE FOR IT THAT WAS INVOLVED. FROM NOW ON, IF A BROWN BERET IS DISSATISFIED WITH WHAT ANOTHER BROWN BERET IS SAYING OR DOING, WE OWE IT TO THE BBNO TO FIRST PICK UP THE PHONE OR MESSAGE IN PRIVATE AND DIRECTLY WITH WHOM THE PERCEIVED PROBLEM OR QUESTION IS AND ATTEMPT TO RESOLVE IT BETWEEN THE TWO. IF THE QUESTION OR PERCEIVED PROBLEM CONTINUES, YOU MUST BRING IT TO YOUR COMMANDER IF IT'S BETWEEN MEMBERS OF THE SAME UNIT. IF IT'S BETWEEN MEMBERS OF DIFFERENT UNITS, IT MUST BE BROUGHT TO THE COMMANDERS WHO WILL HELP RESOLVE IT AND IF NOT, ULTIMATELY TAKEN UP BEFORE THE STATE COMMANDERS. THE SAME APPLIES TO OFFICERS WHO ARE EXPECTED TO DISPLAY AN EXAMPLE OF RESPONSIBILITY AND RESPECT FOR THE REST OF THE BBNO WHEN DEALING WITH ISSUES BETWEEN

OFFICERS. THERE WILL BE NO MORE SKIPPING OF RANK STEPS AS IT HAS BEEN DONE TO COMPLAIN ABOUT ANOTHER BROWN BERET; AND ESPECIALLY IT SHOULD NOT BE DONE WHERE EVERYONE CAN SEE. IF THERE ARE ANY QUESTIONS ABOUT THIS DIRECTIVE, PLEASE CALL ME. 13 hours ago

Ernesto Ayala: no byron because that question is fundamental to the BBNO. who did you talk to before posting that?

9 hours ago

Byron Calderón: Ernesto, by posting this here, you are violating the Kiva rules as posted on this very thread by El Comandante, and as expanded upon by El Comandante here in the Kiva today in his stand-alone Directive. Because you insist on doing your best to start trouble here in our Forum, and refuse to follow the protocol as set forth by the National Commander, I am ejecting you from our noble forum right now. Pls file your appeal, if any, with your Commander.

9 hours ago

Byron Calderón: And for the record, just in case I am supposed to respond to an out-of-line attack that has not gone through proper channels, pls let me disclose that I wrote "Sovereignty" after discussing the matter w/ our Director of Communications, Benjamin Hernandez, then alerted my Boss, Jefe Del Estado Mayor to its posting. El Jefe had a change, I made it, and reposted. I alerted Communications of the post and asked for feedback, but I believe Communications had no objections or proposed changes. It is my understang Communications is in touch w/ Jeronimo Blanco for final approval, at least that is how we discussed the procedure. I am here to serve the BBNO and nothing else. If you will go to my profile page on Byron Calderón, you will see that there are some people who liked my "Sovereignty" page very much. That is one of my objectives, to make us look good to and gain support from the public, in addition to our own Members. Everyone, and I mean everyone, feel free to call or private messenger me with your concerns.

9 hours ago

Benjamin Hernandez: Question...now that Randy gone who dose Ernesto report - direct inline? Who? Carnal You don't report..to him. You Are The National Cardre. I know you that Already Just posing the Question? We must all learn to keep and and all possible disagreements off the public post. As we have stated "take to the side - resolve - as Carnales...Con Safos.....Y-Que

So, Ernesto, what is it you do not "understand?" You think you are going to disrespect me in my own house? That is never, ever, going to happen. Man up, grow some balls, and stand up like a man. If you want to post that you are a fucking revolutionary, and you are anti-government, and you are going to secede from the United States and form your own country, why don't you post THAT on YOUR OWN page and on La Raza Unida's page and get the ATF, FBI and Homeland Security to crawl up YOUR ass?

The BBNO is not going to do it for you, or take the fall for you or the RUP, or get ourselves infiltrated, arrested, raided and locked up just because you want us to be the fall guys, not any longer, not so long as I am Chief Counsel. I am giving the legal advice here, not you, mocoso. So go fuck yourself and stop bothering El Comandante. Grow some balls and talk directly to me, and you might learn we do not even have a philosophical difference. The website is not finished, pendejo.

Ernesto Ayala

who the fuck do you think you are coming out of nowhere trying to tell me the only mocosos here is your ignorant Obama loving US flag waving ass.

why dont you talk directly to me you fucking ingrate pig.

I dont care who you think you are walking around like your some big shit, your not going to disrespect me or what I have done in the movement WAY longer than you. You are nobody at all to disrespect me or the BBNO because posting what you did misleads people and your constant raving about Obama is direct TREASON to La Causa and what we all fight for as BBNO and RUP. So if you want to talk shit then try but you have nothing to say of any value. So shove your chief BS up your ass.

No, a prognostication of sorts. You are a no show, and a leech. But not off the BBNO. you will have to do your own thing and pull your own political weight from now on.

Ernesto Ayala
September 25

Ernesto Ayala

all i did was post what it said on the site. a direct contradiction to what we fight for. YOU should be glad it was brought up because I didnt do it in a disrespectful manner. And i always give my respects to the Comandante, Jefe etc... but YOU? who do you think you are? gimme a break.

Byron Calderón

September 25

Byron Calderón

I'm not really worried about a no-show, absentee pipsqueak. How big is the RUP, anyway, just you and your dad, or did sis join, too?

Ernesto Ayala

September 25

Ernesto Ayala

the only leech is you you have not organized anything but sit around FB typing how much you love Obama

and if youre only comeback is talking shit about an organization that predates whatever little BS you have done then thats a while longer than anything YOU have ever done, so show some respect and dont get all but hurt because someone younger than you has more experience in the movimiento.

Ernesto Ayala

useless piece of shit

youre stupidity is an insult to the work that Jeronimo and Juanito have done to make an alliance so youre stupidity is a spit in their face and to their work.

Byron Calderón

Byron Calderón

You are clearly running out of things to say. Read my lips: The BBNO is not going to prop up the mythical, absentee, non-existent, mostly fictitious RUP any longer, not so long as I am Chief Counsel and am the one giving legal advice to the BBNO. The RUP was born and died in Texas in the 1970's. HISTORY. If you want publicity for your personal ego trip of a party composed of smoke and mirrors, make friends elsewhere. I asked you politely this morning to talk to me directly. It had been my intention to be nice to you, as it was my intention last weekend, when you were too busy to talk, except when the Longhorns were kicking ass in the Rosebowl. El Comandante is not too busy, El Jefe is not too busy, Benjamin is not too busy, the lawyer is not too busy, but you, the zero, is too fucking busy. Now, you have burned a bridge. So keep joking and smoking and talking smack, but the BBNO is not going to carry your worthless ass any longer.

Ernesto Ayala

September 26

Ernesto Ayala

thats obviously the words of a newby imbecile that just bearily came into the movement with no idea of anything. Obviously you havent been involved at all for the past 30 years because only

somebody that thinks the movement died o in 1970 would say such a silly thing as that.

Byron Calderón

WHAT alliance? You mean the Alliance where we post your stupid anti-government shit and you can't even attend our protest of Katt Williams? The Alliance where you won't even wear the Brown Beret uniform? The Alliance where you come to our events and speak only of your own interests? THAT Alliance? You have a very unorthodox idea of what an alliance is. We are moving on, gon do our own thing. You keep your lil pathetic fiefdom. I was going to work w/ you, and El Comandante knows this, b/c I called him just before I called you. He picked up; you did not. Remember? Well, now that will never happen. When you come to your senses please do not apologize to me. I am all too happy you have pretty much ejected yourself from my life due to your own boorishness. You wrote a check you cannot pay. Adios, former amigo.

Ernesto Ayala

Ernesto Ayala

youre stupid, the alliance that held a Chicano Moratorium that you where not present at.

my ass apologize to you, who the hell do you think you are. Get off youre high horse, you are a nobody with a title that is all. thank you

yeah that Alliance
Byron Calderón
September 26

Well, I suppose I now see why you want us to post the anti-government stuff for you. In addition to the fact you don't have the balls to post it yourself, you can't spell!

Ernesto Ayala

Ernesto Ayala

so have a good nite chief legal counsel. Once you come to youre senses and feel like apologizing then you can forget it. You have not organized anything.

go to my pages, you know I have the balls to post what I feel because I actually believe in La Causa unlike you Mr. Spy Ops.

in fact thats why you left the page because you couldnt handle hearing everyone talk bad about your buddy Obomba!

Byron Calderón
September 26
Byron Calderón

Well, I got my one year patch directly from El Comandante in 5 months, so perhaps I am doing something right. I left your page b/c you deleted my comment w/o advising me first. I knew then I was dealing w/ less than a man. I left b/c it is your page, and I held scorn for the page owner. That is how

stand up men do it, lil boy. Unfortunately, I saw this coming from the start. The reason I am so arrogant is because people like you prove me correct constantly. So continue to fight like the girl you are, but mark my words: in a battle of choosing between you and me, you lose.

Ernesto Ayala

September 26

Ernesto Ayala

hahaha

Ernesto Ayala

September 26

Ernesto Ayala

i never deleted anything but whatever if you posted something stupid about Obomba good thing it was deleted.

thats nice you got youre patch, now get your experience.

who is gonna choose between you or me? La Raza? Thats who we fight for and with. at least some of us.

youre not arrogant youre stupid. I said get off your high horse because you actually think you are worthy to the movement.

lose... hahaha. ok.

Byron Calderón

September 26

Byron Calderón

You know, this has lost its luster, b/c I am not even angry anymore. Make your last words good ones, b/c I am leaving this now in the hands of the Top Brass. They will have a hard time going against their own orders, clearly violated by you, and I have told you what I wanted to tell you. Good luck w/ your party. If there is something the BBNO can do to help, I will try and work w/ you, provided it not some unrealistic Hugo Chavez leftist bullshit. But we are no longer working for you.

Ernesto Ayala

September 26

Ernesto Ayala

unrealistic lke the unrealistic country they are running?

i will never work with a sell out lover of the very empire that does what it does to our people. If this is the end of anything I will respectfully hear it from Jeronimo or Juanito not you. You to me and to the movement are nothing. Go live youre fantasy senior.

Ernesto Ayala

September 26

Ernesto Ayala

Jeronimo If you feel I violated anything I will respectfully hear it from you. But I think you should notice how Byron came at me cussing me out and eventually attacking LRUP. I will not stand for that

as he has already done many things that are against La Causa such as openly supporting Obama and saying we are not for an actual Aztlan. He actually deleted me from the KIVA page before I even had a chance to reply

If this is going to affect whatever alliance or frente we were slowly building I would like to make it clear how Byron Calderon came at me belligerently when all I did was post a DIRECT quote from what he CHOSE to put on the brown beret webpage. The reason I am communicating with you is because I came in as a political liaison between the Partido and the BBNO as it was agreed to.

I will not allow a guy that I don't know come at me disrespectfully in that manner or any manner and I will respond in kind to him. He said I should contact him directly only after he blocked me from the Kiva group.

I hope this affair is dealt with and I can know what is your stance I do not find it acceptable that the very ideals of a free nation which WE

ALL pledged to fight for are undemocratically swept from under our feet by one individual who then disrespects the work that I do. If there are events that I do not show up at it is because I have bills to pay and must work. If I do not always use the uniform it is because I am also an RUP organizer which I have been for all of my life.

Ernesto Ayala

Ernesto Ayala added Xenaro Ayala, Doreen Garcia Nevel, Libertad Ayala and Marylee Montano to the conversation.

I have added the people that I also report to on behalf of the LRUP so that that Mr. Calderon can tell them to their face how pathetic and non-existent he thinks the Partido is and so he can call me a "girl" in a demeaning manner to the Hermanas that fight like girls and have done a lot more than he ever will.
